Mrs. Kareena Kapoor Khan, Mumbai

"Where instrucko sparkles is their storytelling and who they recruit to teach your young one."

Genelia D'Souza, Mumbai

Be an instructo mommy like me and unlock your child's greatest potential

Khounish Dewan, London

My kids love the time they spend with instrucko. The learning is fun, interactive, engaging, and really personalised

Kanika Chugh, Delhi

The teacher has formed as great connection with my daughter and tailors every class to her needs and interests

Rashi Dixit, Gurugram

I went through the program, and I did feel that it was up to the mark. My son is able to frame his answer better

Internationally Certified Teachers using University of Oxford designed methods

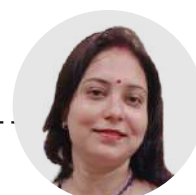

instrucko Piyali
India

Teaching is my passion and instrucko has been the right platform for this. The organisation is friendly and flexible which has made it a conducive place to work at.

instrucko Mandy
UK

I really enjoy working as an online teacher for Instrucko. It gives me the amazing opportunity to teach students, of all ages and abilities, in a unique, engaging and interactive way. I value being part of a great team that is always professional and efficient.

instrucko Swati

From CEO's desk

Dear Parent,

On behalf of the entire instrucko family, I'd like to take this opportunity to welcome you. We are thrilled to have you onboard.

At instrucko, we pride ourselves in providing the highest quality of education. We have a transparent and honest approach, and believe in open communication to ensure that learners reach their maximum potential and achieve the results required for them to flourish. We have brought together experts from all over the world to ensure your children are getting the best.

Devvaki Aggarwal
Founder & CEO

We are committed to delivering first-rate online lessons to 3-15 year olds across various subjects. Our speciality is that we make learning fun whilst achieving learning objectives. An instrucko student on average outperforms his peers and comes in the top 5% of his class.

Our well-rounded curriculum is holistic and focuses on critical thinking, emotional intelligence, and life skills whilst being academically aligned.

We want to inspire students to achieve their utmost potential in life. By encouraging emotional intelligence, critical and independent thinking, we will enable students to enjoy personal, academic and career success. We envision our lifelong learners to become future leaders.

We understand how important your child's learning journey is to you. We have built instrucko around your child's goals and we promise to deliver.

Thank you for choosing instrucko.

Best,
Devvaki
Chief Executive Officer

The top of the page is a bright yellow background. It is decorated with various school-related items: several sheets of lined paper, some of which are curled as if blowing in the wind; several colored pencils (blue, green, red) also appearing to float; and various uppercase letters (A, C, M, F, G, J, K) scattered throughout. There are also a few small white clouds.

Learning outcomes

Identify and produce sounds of letters of the alphabet

Recognise rhyming words and simple sound patterns

Develop fine motor skills for writing

Develop pronunciation and listening comprehension

Recognise and name common objects, animals, colours, numbers, and people
